Off-Campus Housing

This is more applicable to transfer students, but can also be used for future reference for freshmen.

Many Singaporeans live in Downtown LA and some of the popular apartments are **Canvas LA**, **Orsini** and **Visconti**. If you prefer to live closer to campus, **The Lorenzo**, **Shrine Collection**, **Icon**, **Gateway** and **Tuscan**y are popular choices among international students. But please note that they are also more expensive compared to renting a room in a house.

Phone Matters

You can choose from Verizon, AT&T, T-Mobile and Sprint to get your phone plans. Tip: Verizon has better coverage, slightly slower speed. AT&T has slightly faster speed, not as good coverage.

Travelling on Campus

Biking/Longboarding

Besides walking to/around campus, popular alternatives of commuting would be by bicycles or longboards. We highly advise you to purchase **two** non-combination locks for maximum security against bicycle thefts which occur quite frequently around campus.

Locking without wheel removal

You don't want to find your bike looking like this:

Traveling Out of Campus

Driving

Getting a Driver's License is highly recommended because the public transport system in LA is not easily accessible.

Do I need a California Driver's License to drive in LA?

We highly recommend obtaining a California Driver's License because it not only acts as an Identification Card (equivalent to Singapore's IC), but it also greatly simplifies your purchase of a motor vehicle and its corresponding insurance coverage.

Where can I get it?

You will be able to obtain a California Driver's License at the Department of Motor Vehicle (DMV). The nearest DMV to USC is located at 3615 South Hope Street, which is approximately 10 minutes walking distance from campus. Please make an appointment before heading down to DMV. ***Recommend to go to Santa Monica DMV as the DMV near USC is VERY INEFFICIENT and has long wait times.**
